

INTRODUCING...

THE LATEST UK STYLE COUPLING FROM ITS INVENTOR

PCL's core lines of couplings – Airflow, Vertex, XF-Euro and Safeflow – are now manufactured with a distinctive blue band.

Significant investment has resulted in an immediately recognisable, even higher quality fitting, meaning customers can feel safe in the knowledge that if it has the blue band it's a true PCL "Made in Sheffield" product, and carries a 5-year warranty.

Features & Benefits

- Easily identifiable blue band
- Date stamped - Increased traceability and quality performance
- Durable, fail-safe product
- 100% individually tested
